

cultivate

"Cultivate" is a bimonthly electronic publication of ASK Network USA that informs and encourages ASKers in the work of praying for the church, community and all the nations. It seeks to cultivate a deeper relationship with God and with one another.

Seasons

"There is a time for everything, and a season for every activity under heaven."
Ecclesiastes 3:1

At the end of one year and the beginning of another, we are naturally more aware of seasons, changes and transitions. In Wisconsin, with winter just around the corner, we only need to step outside to feel the seasonal change. In the same way, as we press on together in the ministry of ASK USA,

we are hearing the Lord speak to us of shifting, moving out in obedience and watching for His promise to "fill our sails" as we press forward into a new season. We remember with gratitude all He has done and look with anticipation to what He will yet do!

The DNA of ASK USA is the same as it was at the first national conference in Zion, Illinois in 2008. ...worship, meditation, praying the Word, and thanksgiving. The Lord has faithfully transitioned us through 10 years of ASKing together. Through every season, He has provided different leaders with varied gifts in order to establish ASK USA and settle us into our place in the Kingdom.

In 2018, as we met with ASKers on the West Coast and in the Midwest, we experienced fresh moves of the Spirit in repentance, restoration and healing of relationships. We've heard the Lord say He is plowing up fallow ground as we continue on in 2019 to gather in the Southern and Eastern zones.

In 2019 we will see transitioning in leadership as Bill and Sheila Moyer end their season on the support team. Winsor and Judy French will take up responsibility for Finance and Karma Malone will lead the Communications Team. Bill and Sheila, we wish you well as you move into a new season. We bless you as you continue to serve with us in the Kingdom of God and in ASK USA.

2019 will also be a year of gathering for a national conference in Racine, Wisconsin. Interestingly, Racine is about 20 miles straight north of where the first ASK conference was held in 2008!

God is on the move in ASK USA, and we intend to follow Him as faithfully as we can!

Changes in the National Prayer Call

We've come to the end of another year of "gathering" by conference call across the USA to worship, share communion, share meditations and ask of our Father. We're so thankful for all who have facilitated and participated in the NPC this year. Asking and sharing communion together across the miles has strengthened and deepened our fellowship with one another.

For the past 2 years, we have been intentional about praying for all nations, using one of the highlighted nations in the ASKing Point each month. Going forward, we sense the Lord asking us to also be intentional in choosing and preparing a 2nd focus for each NPC. To initiate this, we are suggesting the following topics for 2nd focuses for 2019. Please notice that the January, August and November focuses are tied to national and worldwide emphases. As is our practice, NPC facilitators will seek the Lord for meditation scriptures related to each topic for our ASKing.

January - Pro-life issues, women in crisis/ March for Life in D.C. occurs this month

August - Education / back to school issues / for teachers and children

November - Worldwide persecuted church / those who suffer for the sake of Christ

The following subjects are suggestions for other months:

College students and higher education that is training the next generation

The work and leadership of ASK Network at all levels

Israel

Women, young and old, married and single

Men / godly husbands and fathers / spiritual fathers

Revival in America

The military - leaders, enlisted and veterans

Media and Arts / to reflect goodness, truth and integrity

Business and industry / honest labor / Christian business owners

We trust that as we obey the Lord's leading in this, the National Prayer Call will produce good fruit for the Kingdom. If you have suggestions for other topics, please email Roberta at roberta@asknetworkusa.net
